2010-11 ATV/ORV Quick Reference

QUICK REFERENCE INFORMATION

THIS IS THE 2010-2011 ATV/ORV QUICK REFERENCE MANUAL. PLEASE HAVE ALL OF THE DEALERSHIP STAFF TAKE SOME TIME TO REVIEW IT AND THEN MAKE IT ACCESSIBLE FOR THEM AT THE PARTS AND ACCESSORY COUNTER.

WE HAVE INCLUDED REFERENCE MATERIALS, VENDOR CONTACTS, ACCESSORY SERVICE PART LISTS, AND ANSWERS TO COMMONLY ASKED QUESTIONS THAT CAN PROVIDE YOUR DEALERSHIP AND CUSTOMERS WITH QUICK AND ACCURATE SERVICE.

NOTE: SAVE MANUALS AND ACCESSORY CATALOGS FROM PREVIOUS YEARS FOR FUTURE REFERENCE

POLARIS RESERVES THE RIGHT TO CHANGE INFORMATION, SPECIFICATIONS, MODELS AND PRICES CONTAINED WITHIN THIS MANUAL AT ANY TIME WITHOUT INCURRING OBLIGATIONS OR LIABILITY

2006 Pure Polaris RMA Policy

PROGRAM EFFECTIVE DATE: April 15, 2006 – **UPDATED May 10, 2007**

PROGRAM DESCRIPTION:

Parts, Apparel & Accessories:

1. Dealers will receive annual return allowances equal to 5% of their net purchases during the prior year (January 1st – December 31st). Your Pure Parts and Accessory allowance is 5% of your combined qualified Polaris Parts and Accessories purchases. Your Pure Apparel allowance is 5% of your qualified Polaris Apparel purchases.
2. The determination of RMA application against the dealer allowance, amount of restocking fees, and freight responsibility will vary based on when the item was purchased and applies only to qualified purchases. See chart below for details:

Time	RMA Value Removed from Dealer Return Allowance?	Restocking Fee	Freight Credit?*
0—15 Days	No	No	No
16 Days – 365 Days (12 Months)	Yes	No	No
366 Days – 730 Days (24 Months)	Yes	30%	No
731 Days – 790 Days (26 Months)	Yes	50%	No
791 Days or Over (26+ Months)	RMA rejected, see #17		

**On Polaris errors, Polaris will arrange for the pick up of your return (US only). Please request a call tag via [Ask Polaris – Parts Question – Call Tag Request](#) or contact Dealer Support at 800-330-9407. Canadian dealers should use the DHL account number: DE0255, password: polaris.*

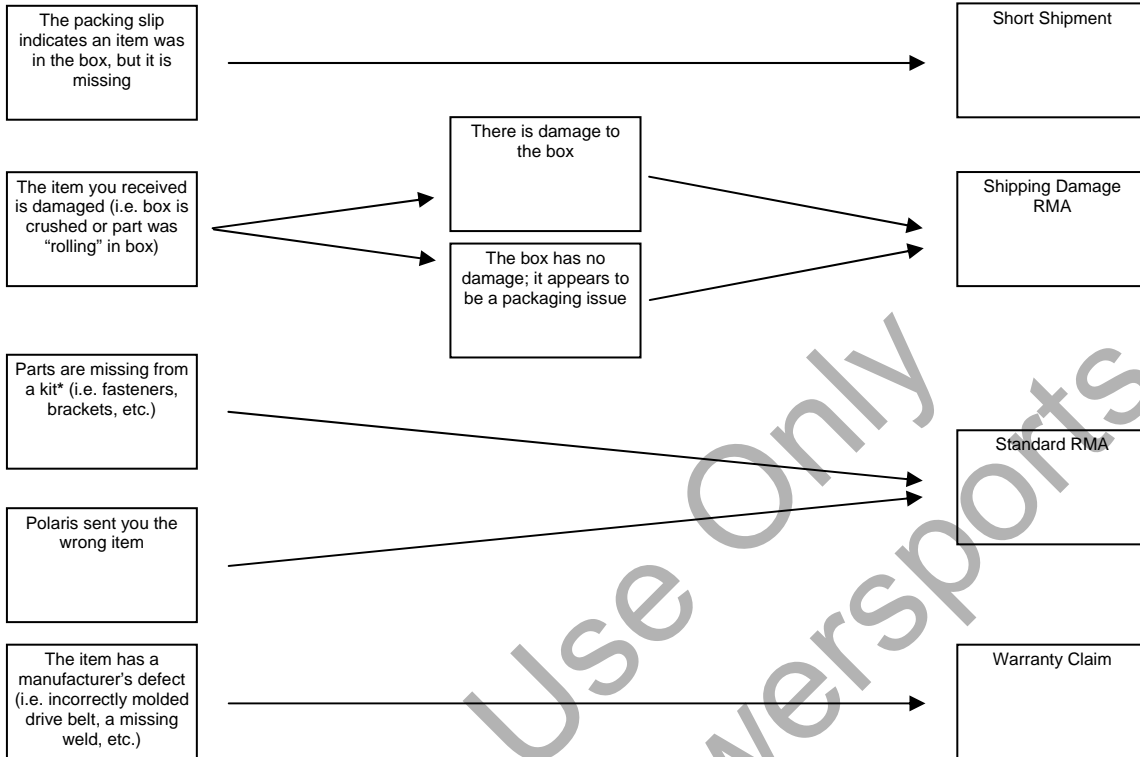

3. Once the annual dealer allowance is exhausted, no RMA's outside of damage or Polaris shipping errors or 15 days no questions asked period will be accepted for the remainder of the calendar year.
4. All qualified purchases of Parts, Accessories, or Apparel are returnable within 365 days of invoice date with no restocking fee through the dealer extranet.
5. There is \$25.00 dollar value required for an RMA.
6. All qualified RMA's for Parts, Apparel, and Accessories must be entered on the dealer website. The damage returns will no longer be available on-line. Please contact Dealer Support for damage claims within 10 days of receipt. The claim can be submitted on the dealer website via [Ask Polaris – Parts Question – Damaged Parts Return](#) or you can call

at 800-330-9407 (US) or 877-289-1343 (Canada). Please note all damage on your bill of lading when accepting delivery.

7. New dealers will receive their return allowance after 3 months of invoice activity. The allowance is calculated by taking net sales for first 3 months and pro-rating for the remainder of the calendar year. In addition, approved New Dealer and Add a Line Dealer Initial Pure Polaris PG&A stocking orders will receive the opportunity to return up to 50% of the total dollar of the initial product ordered at the 6 month mark of business. New Dealer RMA policy, procedure and allowance will be in effect in cases of dealer buyouts. RMA allowances expire upon change of dealer number and/or dealer number deactivation in the buyout process.
8. After 60 days, RMA's that have not been fully received at Polaris will be automatically canceled.
9. Returns for drop ship items are only allowed if they are due to Polaris error and are within 0-30 days of invoice date (US only). Contact Dealer Support at 800-330-9407 (US) or 877-289-1343 (Canada) or via the [Ask Polaris](#) link on the dealer home page.
10. Items must be in a returnable status to be accepted for return. Items which are always non-returnable include:
 - All drop ship items
 - All auto-ship items (manuals, videos, etc). No credits will be issued for refused shipments of mandatory auto-ship items for current dealers.
 - All oil and lubricants, sales and marketing materials
 - Fasteners, decals, and electrical components
 - All non-current apparel
 - Previous model year Apparel Snow purchases become non-returnable on May 1st. (example: Snow 06 model year becomes non-returnable on May 1, 2006) ATV, and Victory Apparel become non-returnable on September 1st. (ex: ATV 06 model year becomes non-returnable September 1st)
 - If the item is obsolete, has been superseded by another item, or purchased via closeout or auction.
11. All returned items must be in new condition, in original packaging, in the standard order multiple and clearly labeled with the Polaris item number. All dealer price tags must be removed. Returned items must not be broken, used, or worn and must be in saleable condition. If the above conditions are not met, dealer will be notified, typically by fax, of items and quantities which are not eligible for return credit (US only). If the dealer requests these items returned, the dealer will submit a fax notification to 605-624-1024 *or email* vermillionrma@polarisind.com within 15 days after receiving the initial fax or email from Polaris. Return freight will be the dealer's responsibility. After 15 days the ineligible returned items will be disposed.
12. To insure that your RMA is processed in a timely matter, a copy of the RMA must be included in each box that you return. To print the RMA, go to [Pure Polaris – RMA Inquiry](#) on the dealer website.

13. Dealers may return more than one RMA in a box. However, RMA's due to damage must be returned separately. To request a Damage RMA, please call Dealer Support at 800-330-9407 (US) or 877-289-1343 (Canada) or submit the request on the dealer website via [Ask Polaris – Parts Question – Damaged Parts Return](#). All Damage Returns must be researched before they are processed. Please note that damages must be reported within 10 days of receipt of your order. Polaris will arrange for pick up of all Damage Returns (US only). Canadian dealers should use the DHL account number: DE0255, password: polaris.
14. RMA's caused by Polaris errors must be requested by dealers within 0-15 days of the invoice date. Polaris will arrange for pick up of all Polaris errors (US only). Please submit a call tag request via [Ask Polaris – Parts Question – Call Tag Request](#) on the dealer website or by calling Dealer Support at 800-330-9407. Canadian dealers should use the DHL account number: DE0255, password: polaris. Please see the procedures for filing a Polaris error RMA below:
- You were sent the wrong parts when the correct part number was ordered (Standard RMA). You should file the RMA under the part number that you ordered and put the part number that you received in the *Comment* field. Depending on the situation, select either [Picking Error](#) or [Packaging Error](#) as your *Reason for Return*.
 - Kit is missing parts or contains incorrect parts, ex: no left/right bracket or two of the same side (Standard RMA). After checking to see if the part you need is available separately, you should file the RMA choosing [Incomplete Kit/Parts NA](#) as your *Reason for Return*. Please clearly label the box as “Missing Parts” or “Wrong Parts” before you send it back. *Please Note: If the part is available from Polaris, you should order the item and file a Part Stock Warranty Claim for the replacement part number to get reimbursed. This process has not changed.*
15. If an RMA is created because a dealer refused to accept a shipment, the RMA will be subject to a 30% restocking fee.
16. Dealer restocking fees will not be applied until the RMA is received at the warehouse.
17. RMA's which include excess quantities of an item, items not on the original RMA (with the exception of picking errors), or received after the RMA has been automatically cancelled (60 days from when it was created) will not be accepted. The dealer will be notified, typically by fax, of items and quantities which are not eligible to return. If the dealer requests these items returned the dealer will submit a fax notification to 605-624-1024 or e-mail vermillionrma@polarisind.com within 15 days after receiving the initial fax from Polaris (US only). Return freight will be the dealer's responsibility. After 15 days the ineligible returned items will be disposed.
18. Polaris reserves the right to terminate the 0 – 15 days no questions asked option by dealer if excess use or abuses are evident.
19. This policy supersedes all existing return programs.

Warranty or RMA?

***Before you return a kit with missing parts, please check to make sure that the items are not available from another source. This information is available in Polaris Dealer Guides, Quick Reference Manuals or by contacting Polaris Parts Tech.**

This flow chart should be used as a guideline. If you have a question about a specific part or situation, please call us at 800-330-9407 (US) or 877-289-1343 (Canada).

2010 ATV/ORV Quick Reference

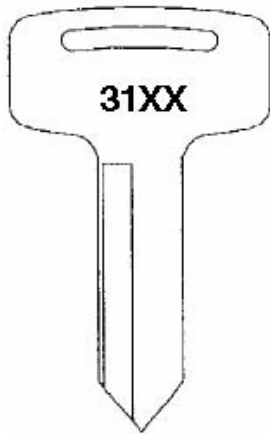

IGNITION KEY INFORMATION

Replacement Keys

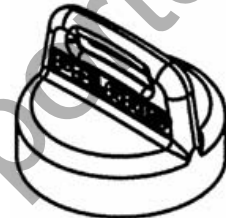

Replacement keys can be made from the original key (Phoenix/Sawtooth excluded). To identify which series the key is, take the first two digits on the original key and refer to the chart below for the proper part number. Should both keys become lost, ignition switch replacement is required.

NOTE: Blanks are not available for Youth models unless listed on the parts catalog.

Key Numbers

Series #	Part Number
20_ _	4010278
21_ _	4010278
22_ _	4010321
23_ _	4010321
27_ _	4010321
28_ _	4010321
31_ _	4110141
32_ _	4110148
67_ _	4010278
68_ _	4010278

**Key Cover
5433534**

Ranger EV 2011 and Newer Keys

4013330-Key Blank, EV RNGR (MY11 and newer)

4013343-Key blank, LSV RNGR (MY11 and newer)

RANGER Keys

Series 99 RANGER 6x6 models used a square style key. The square style keys are identified by one or more dots on the key. The dots correspond to letter codes, the letter code is the last digit of the part number. The ignition switch body will also have a letter code on the underside if the keys are not available

1 Dot	5410611-A
2 Dots	5410611-B
3 Dots	5410611-C
4 Dots	5410611-D
5 Dots	5410611-E

2010-11 ATV/ORV Quick Reference

How To Look Up a Shortblock Motor on the Electronic Parts Catalog (ECAT)

The screenshot displays the ECAT interface for a 2008 RGR RANGER 4X4 700 EFI/XP. The top navigation bar includes 'PURE', 'PARTS CATALOG', 'BROWSE', 'ADVANCED SEARCH', and 'CART'. The main content area is titled 'ASSEMBLIES : 2008 RGR RANGER 4X4 700 EFI/XP ALL OPTIONS - R08RH68'. On the left, a parts list is shown with part numbers and descriptions. On the right, a technical diagram of the engine assembly is displayed with numbered callouts (1-16) corresponding to the parts list.

Part Number	Description
7547263	Nut
7547263	Nut
4011214	Cable, Battery, Ground
4011249	Cable, Solenoid/Starter
2203065	Kit, Short Block NOTE: The Short Block assembly contains a crankcase assembly, cylinder and cylinder head assembly, and a piston & crankshaft assembly. Prior authorization required for warranty con
7518264	Bolt
5244771-067	Mount, Engine, Lower, Front, Black
3021354	Stop, Torque
7542440	Nut
1015065-067	Mount, Engine, Transmission, Black
3021935	Mount, Rubber, Rear
1202578	Asm., Throttle Body Cover and O-R
3130543	Guide, Cable
3131515	Screw, Shoulder
7081247	Cable, Throttle
7082038	Valve, Check
7080307	Clamp, Hose
8450113	Hose
5250738	Bracket, Hose Retention

Shortblock Assemblies can be found (when offered) on the Electronic Parts Catalog (ECAT). Begin by searching the model in question under the heading of **Engine Mounting** or **Engine, Shortblock**. When a shortblock assembly is available the part number description will read :

Kit, Short Block NOTE: The Short Block assembly contains a crankcase assembly, cylinder and cylinder head assembly, and a piston & crankshaft assembly. Prior authorization required for warranty con

If the part number or description reads **9990000** the shortblock as a complete assembly is no longer offered and only service parts / rebuild options are still available for this specific unit.

2010-11 ATV/ORV Quick Reference

EBS Kits- list of available EBS kits for ATV use.

EBS kits contain both primary and secondary clutches and a belt. Please note that the clutch kits that fit models prior to 2006 are not pre-calibrated for a specific vehicle and thus will also require you to order stock clutch weights and springs for the specific unit you are installing them on. EBS clutch kits for the 2006 and later models are pre-calibrated for specific vehicles.

Please note that we do not list EBS applications for RANGER, RZR or 6x6 ATV models.

2200952	Fits 2 Stroke models w/ low range (kit is no longer avail, order kit parts only)
2200953	Fits 4 Stroke models w/ low range (not 2006 Sportsman)
2875794	Fits 2006-07 Sportsman 450
2875793	Fits 2006-2010 Sportsman 500 (Carb/EFI)
2876212	Fits 2006-2010 Sportsman 700 EFI
2876211	Fits 2006-2010 Sportsman 800

2010-11 ATV/ORV Quick Reference

Winch Warranty Policy and Procedure

Accessory winches purchased from Polaris carry the standard Pure Polaris accessory warranty which covers either the replacement or service parts to repair the item for up to one year. Warranty coverage is against manufacturer defect not damage due to use or wear.

Accessory Warranty includes parts only and does not include service labor.

WARN Winches:

Warranty issues on a **Warn** product are handled directly through the vendor. If you require repair assistance on a **Warn Winch** you should contact **WARN** at **800-543-WARN (7276)** to locate a repair facility near your dealership. In most cases these facilities can quickly handle your repair needs, and the same warranty period of 1 year from purchase will apply.

Pure Polaris Winches:

If you require assistance on a **Pure Polaris Winch** you can file a *part stock* type warranty claim on any defective serviceable components as required.

Polaris also carries a wide variety of replacement components for **Pure Polaris** and **Warn** winches. Your dealer guide and Quick Reference Manual contain a parts list covering all the available service parts for these accessory items that we offer. Please utilize these resources before contacting Polaris for part number assistance.

2875998	Hook & Clasp
2877874	Shifter Mounted Winch Control Kit
2877044-W	Power Cables

*** The life of a rope is directly related to the care it receives. The wire rope on a new winch, and any replacement ropes, must be respooled under a minimum of 100 lb load before use. Failure to do this will result in wire rope damage. Inspect wire rope before use. Mashed, pinched, frayed or kinked area severely reduce the load-carrying capability. Replace damaged wire rope.

Polaris Extreme 4500 LB. Winch

2877348 fits MY 2009-11 4x4, XP, HD / MY2010-11 Crew, 6x6. (requires 2876978-521 brushguard)

Part #	Kit Name

2010-11 ATV/ORV Quick Reference

Paint Lookup Instructions

Locate the **PAINT- SINGLE COLOR CODE** and **PAINT- TWO TONE CODES** links found in the SELF HELP section at the top of the ASK POLARIS front page. This can be accessed on the dealer website by clicking on the blue question mark icon marked ASK POLARIS located at the top of the main homepage.

- Begin by verifying the year and model of the vehicle. (we recommend using the VIN to avoid errors).
- After confirming the exact model, access the Electronic Parts Catalog (or similar parts look-up system) and locate the part number for the desired painted part such as the fuel tank or fender(s) on a Victory model; the cab or hood on an ATV or RANGER model.
- Once the part number has been found, take note of the **last digits following the dash** of the root part number (i.e. 1013831-**1223**). This example shows a paint code reference number for the 2-tone paint combination of a VICTORY. All 4 digit paint codes will require you to follow the next step in order to break the part down further into each individual color. If the part number already ends in a 3 digit number following the dash as you will find on an ATV or RANGER model you may proceed directly to the final instruction below.
- Next refer to the **Polaris and Victory Two-Tone Paint Codes and Description** chart and locate the 4-digit color code number under the **PAINT NUMBER** column. Notice the **3-digit** color codes listed to the right side of each 4-digit color code. Each 3-digit code represents one of the colors or coatings used on a single painted surface.
- Finally, take the 3-digit color code obtained from this chart and refer to the “Pure Polaris Paint Codes” chart to find the actual part numbers that you will need to order for the desired paint. Please note in some cases there may be multiple parts required to match a single color. These colors list each color in the NOTES section on the far right hand side of the chart

2010 ATV/ORV Quick Reference

2002 - Prior ATVs - Rear Bearing Carrier Replacement Parts

2002 - Prior ATVs equipped with Independent Rear Suspension (IRS) will use the newer Sportsman style wheel bearing carrier as a replacement part. The earlier part number for the wheel bearing carrier will supercede to the current part: P/N 5134206 -Wheel Bearing Carrier Part Number 5134206 will replace both left and right-hand sides.

When ordering P/N 5134206 for 2002- Prior ATVs you will also need to order the lower bushings, washers, and bolts (these parts are used on 2003 and newer Sportsman models). The older parts will not work with the newer style bearing carrier.

Order the additional parts (listed 1-5) when replacing the bearing carrier on 2002-Prior vehicles.

Information published in Team Tips A-05-07-01

When Replacing 1 Bearing Carrier Order:

1. P/N 7517873 - Bolt (2)
2. P/N 7555740 - Washer, Flat (2)
3. P/N 7552614 - Washer, Lock (2)
4. P/N 5434550 - Bushing, Control, Lower (4)
5. P/N 5632291 - Bushing, Bearing Carrier (2)

RANGER Windshield Glass Replacement

One of the most popular *RANGER* accessories is the windshield kit, **PN 2873436-067**. If the customer needs the glass replaced on his windshield, contact an auto glass company and have new glass cut to the specifications shown below. The Pure Polaris accessory division does not stock replacement glass for these kits.

(Information published in Team Tips Vol. 11, No. 1)

ANSI Z-26 I-1990 AS2, EDGE #4
