# Service Bulletin

MOTORCYCLE DIVISION

4-STROKE  
SERVICE PUBLICATIONS #3  
*REVISED* 2/23/1999

## SUBJECT: MODEL IDENTIFICATION GUIDE

This bulletin provides you with frame and engine numbers for all models produced from 1971 to 1999. *All models have been listed by model year.*

For years 1971 through 1980 each model includes the frame and engine number. Beginning with 1981 the Federal V.I.N. (Vehicle Identification Number) system became effective. All models produced from 1981 and on will be listed by the V.I.N. number.

Beginning in 1986 an engine number prefix was added, however, it is not unusual for the same engine number prefix to apply to several model years. For this reason the engine number prefix and engine number cannot be used to identify a year model.

The Ready Reference Manual (P/N: 99923-03991) and the Model Identification Guides ( P/Ns: 99923-12901 and 99923-12991) also contain this information.
